

Suggested plan of study | Master of Science in Infectious Disease (INFD) Program
Online Program | **Part-time** student | **Spring** entry | **December 2020 graduation** (projected)

Course Designation and Name¹	Course Credits	Total Credits
Year 1, Spring 2018 (January – May)		
MIIM-503S-20 Biomedical Ethics*	2	5
MIIM-517S-20 Applied Statistics for Biomedical Sciences*	2	
MIIM-606S-20 Microbiology and Immunology Seminar*	1	
Year 1, Fall 2018 (August – December)		
MIIM-527S-20 Immunology, Immunopathology, & Infectious Diseases*	3	7
MIIM-530S-20 Fundamentals of Molecular Medicine I*	3	
MIIM-534S-20 Molecular Medicine Journal Club I*	1	
Year 2, Spring 2019 (January – May)		
MIIM-531S-20 Fundamentals of Molecular Medicine II*	2	7
MIIM-533S-20 Molecular Medicine Journal Club II*	1	
MIIM-545S-20 Introduction to Infectious Diseases*	4	
Year 2, Fall 2019 (August – December)		
MIIM-532S-20 Fundamentals of Molecular Medicine III*	2	5
MIIM-653S-20 Clinical Correlations in Infectious Disease*	3	

¹ An asterisk (*) indicates a required course in the INFD curriculum. All other courses are elective and can be substituted.

Online Program | **Part-time** student | **Spring** entry | **December 2020 graduation** (projected)

Year 3, Spring 2020 (January – May)			
MIIM-524S-20	Vaccines and Vaccine Development	3	5
MIIM-541S-20	Bacteria and Bacterial Infections	2	
Year 3, Fall 2020 (August – December)			
MIIM-525S-20	Principles of Biocontainment	1	7
MIIM-652S-20	Research Internship in Infectious Disease	6	

Program Totals		36 credits
	Required courses*	24
	Elective courses	12
